### INSTRUCTIONAL ACTIVITIES

- Warm up: Ask the students questions about working in America. Has anyone worked before or is currently working? What is their experience like? How did they get their job? If no one has worked, ask what their perceptions are of working in America. Ask them about the job search process in their own country.
- Open the Google Slide presentation and go through the slides. Try to engage the students in some way on every slide by asking a question, getting their opinion, etc. The slides can be broken down into parts and almost every section has a handout or review to further understanding. Coordinate each section with the correct handout. Read the Instructions for activities first to become familiar with the various activities.

If you had a career in your country, it may be difficult to find a similar job right away in the US. Be patient! The more you learn about American culture and language, the easier it will be.

## Looking for Jobs

Job postings will usually list typical job duties and sometimes the schedule and hourly wage.

*How to look for a job:* NETWORKING:

 Talking to friends and family about your needs/wants for a job and asking them to help you.

### SEARCHING:

- People look for jobs in person, on the internet, on job boards, or in the newspaper.
- Some people find jobs through "Placement agencies" or 3<sup>rd</sup> party staffing agencies

### Websites to search for jobs

Here are a few websites to get you started: <u>www.indeed.com</u> <u>www.ohiomeansjobs.com</u>

www.monster.com

www.careerbuilder.com

Company websites of where you want to work.

## **Temporary/Staffing Agencies**

Staffing agencies help you find work. You get paid by the agency. Jobs are usually temporary (not permanent) and do not come with benefits, like health care. Some jobs are 'temp to hire' which means temporary with the possibility it could go permanent. The level of English needed varies with the agency and job.

### **Benefits of staffing agencies:**

Good way to establish working in the US and earn money.

- Usually it's a quick way to get a job.
- Can lead to permanent employment.
- Good way to find out what you DON'T or DO like doing
  Sometimes jobs are temporary (just a few weeks) if you don't want something long-term

### Process

# •Find a job you want Apply for the job Interview for the job Accept the job

## How much will they pay you?

The **minimum wage** is the lowest wage an employer can pay you. However, if you have a job where you receive tips, this amount is lower. Only1-3% of all jobs pay the minimum wage, so most jobs pay more than that.

Ohio: Hourly: \$8.80
Annual salary for full time work: \$18,304
Minimum if you receive tips (example: waiter/waitress)- \$4.40
Federal: Hourly: \$7.25

 Not all states have a minimum wage. In this case, they must follow the Federal minimum wage

It is ILLEGAL to pay you less than this!

## Hourly vs. salary

• Hourly means you get paid for every hour you work.

• Salary means you get paid the same amount each week no matter how many hours you work.

Some jobs will offer you a 'commission', which means you will earn money based on how much you sell. Be careful with 'commission only jobs'. You might work and not earn any money!

### Overtime

Most employers are required to pay you at 150% (1.5x) of your hourly wage for every hour you work past 40.

*Example:* You are paid \$10/ hour. If you work 42 hours, then you will earn \$15/hour for 2 of those hours.

Some employers also pay different amounts based on your shift (shift differential), the day you work (some pay more on weekends), and/or holidays.

### **Benefits**

- Some jobs offer 'benefits'. These can include:
  - · Insurance- health, dental, vision, life
  - Paid time off- vacation, sick, and/or personal days
  - Education they pay for you to go to college
  - Paid cell phone
  - Car
  - Paid holidays
    - Typical holidays include: Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas, and New Years Day. Not all jobs offer holidays off!

# PART III Paychecks and expectations

# Getting paid

- You may get paid every week, every other week, twice a month, or once a month.
- You will receive a check- not cash.
- Cash your check at your bank.
   Some places charge you money to cash your check but cashing your check at your bank will be free!!!

 Some companies will give you a paper check. Others will do an 'electronic deposit' directly into your bank account. This is called "direct deposit" and is recommended.

## Understanding your paycheck

- Your paycheck will list:
  - Pay period (days you were paid for)
  - Hours worked
  - Pay rate/ wage
  - Earnings (hours worked x wage)
  - Year- to- date earnings
